

Our policy

We provide a pension service for members of Lothian Pension Fund and Scottish Homes Pension Fund, local government employers and associated bodies within Edinburgh and the Lothians.

Local Government Pension Scheme (Scotland) Regulations

Regulation 59 of the Local Government Pension Scheme (Scotland) Regulations 2018 requires the following information to be published.

Regulation 59 - Statements of policy concerning communications with members and Scheme employers:

(1) An administering authority must prepare, maintain, and publish a written statement setting out its policy concerning communications with—

- (a) members;
- (b) representatives of members;
- (c) prospective members; and
- (d) Scheme employers.

(2) In particular the statement must set out its policy on—

- (a) the provision of information and publicity about the Scheme to members, representatives of members and Scheme employers;
- (b) the format, frequency, and method of distributing such information or publicity; and
- (c) the promotion of the Scheme to prospective members and their employers.

(3) The statement must be revised and published by the administering authority following a material change in their policy on any of the matters referred to in paragraph 2.

Other Legislation

The Fund must also satisfy the requirements of the Occupational Pension Schemes (Disclosure of Information) Regulations and other legislation such as the Public Sector Pensions Act 2013 which introduced a framework for the governance and administration of public service pension schemes and provided by regulatory oversight provided by The Pensions Regulator.

A Code of Practice has been issued by The Pensions Regulator that covers the type of information that pension schemes are required to disclose. The Pension Regulator's objectives are to protect the benefits of members, promote and improve understanding of good pension administration and maximise compliance. The Regulator's Code of Practice 14 covers the type of information that pension schemes are required to disclose about the scheme and the benefits provided to members.

Our expected timescales for meeting the various disclosure of information requirements are set out in our service standards which are available on our website at www.lpf.org.uk/customer-care.

The policy summarises how the Fund communicates with its employers, scheme members and other stakeholders.

Communications with employers

We have over 80 employers who range from one active member in the fund to over 10,000. We therefore use different communications tools in dealing with our employers to ensure they carry out their statutory duties in relation to the scheme and can deal with day to day enquires.

We have a Pensions Administration Strategy (PAS) which sets out the obligations of both the Fund and employers. The PAS also sets out performance targets. Data including monthly contribution returns is transferred to the fund via a secure electronic portal.

We host a range of events for employers including:

- Annual finance update
- Annual seminar
- User groups for payroll/HR staff

We also provide training for employers on request.

The Fund has a dedicated team to deal with employer queries and a dedicated employer e-mail address: employer.pensions@edinburgh.gov.uk

The Fund issues a monthly bulletin to keep employers informed of Fund activities, any regulatory updates, and other points of interest. Other updates are issued as required including consultation on regulation and policy changes.

Other resources are available online:

- Dedicated area of the website: www.lpf.org.uk
- Employer administration guide.

External communications

The Fund issues media releases and comments on non-political pension fund related matters to both general and pensions and investment media. The primary purpose is to ensure

accurate reporting of the Fund policies and financial position, enhancing its reputation and helping to develop the Fund's profile.

Evaluating and improving our communications

Evaluation and feedback are essential tools in improving the services provided by the Fund. We survey key stakeholder groups regularly, and include questions on communications including our joining material, forms, booklets, and our website. We monitor results and take corrective action to improve communications based on the feedback received.
